Purpose

What We Do

Zesty's is an Italian restaurant here in Medford. The business aims to provide fresh and authentic dishes to their customers and to cultivate a welcoming environment.

How the Website Boosts Business

The website allows for more exposure and better relationships with the customers. Zesty's website provides all possibly desired information: our menu, contact information, reservation forms, photo gallery.

Favorite Code Segment

The following is the code we are proudest of:

```
<div style="height:50px;"></div>
<div class="scroll-container">
  <div class="image-container">
    
    <div class="image-label">Spaghetti Carbonara</div>
  </div>
  <div class="image-container">
    
    <div class="image-label">Bruschetta</div>
  </div>
</div>
```

This is the horizontal scroll that we have in our gallery page. We picked this feature because it:

- Allows many images to occupy the same page space
 - Has an elegant feel
 - Grabs the user's attention
- It was fun to implement and test!

It works simply by scrolling side to side where the photos are displayed

Requirements

- 7 pages
- Fixed header on each page
- Logo click goes to home
- `<h1>` on all pages for banner

```
<div id="head_paragraph3">
  <ul>
    <li>Authentic Italian recipes passed down through generations</li>
    <li>Seasonal menus featuring the freshest local ingredients</li>
    <li>Handcrafted pasta made in-house daily</li>
    <li>Extensive wine list curated to complement our dishes</li>
    <li>Private dining options for special occasions</li>
  </ul>
</div>
```

- `` used outside of navigation in aboutus.html

Requirements

- Background image: All pages other than gallery.html
- 15+ CSS rules between internal and external stylesheets
- Consistent look and feel with header, nav, color scheme and fonts
- Ol in about us
- Javascript for filtering reviews by topic
- JQuery special effect on home page
- Form for reservation creation
- Validation of reservation form for legitimate inputs
- JS array in filtering of reviews, associative array in validation of form, function in filtering of reviews
- Images, background and gallery
- Meta keywords
- H1 for title
- Logo for return to home
- Mobile friendly

Work Breakdown

Abby:

- ☐ Contact page
- ☐ About Us page
- ☐ Gallery page
- ☐ Navigation
- ☐ Site structure

Evan:

- ☐ Review page
- ☐ Reservation page
- ☐ Javascript

Cameron:

- ☐ Logo
- ☐ Home page
- ☐ Menu page
- ☐ Responsiveness
